Advanced iPad or Tablet Use

This course is aimed at iPad/Tablet owners who have recently completed the 'How to Use Your Tablet Computer' course and would like to learn how to get even more out of it. This course would also be suitable for those who would like to learn more about their iPad/Tablet beyond the basics.

Learners will learn how to use most of the advanced functions on their tablet computer and build their confidence.

At the end of the course, learners should be able to:

- Adjust advanced settings
- Manipulate and share photos
- Use cloud storage
- Create documents
- Print from an iPad/Tablet
- Use Google maps to navigate
- Stream music and video
- Connect a computer and transfer files.

Learners should bring their own iPad or Tablet

Please bring any paperwork, cables and chargers with your tablet. You will need all your Apple ID/Google Account and E-mail account login details.

Please note we run separate courses for Tablets & iPads as they use two different operating systems.

Please let us know of any additional support you may require, when booking this course.
